SCS Photochemistry Symposium 2020

The event will comprise scientific contributions from all areas of photochemistry as well as three keynote lectures on the topics of ultrafast spectroscopy, new luminescent metal complexes and solar cells.

This year's photochemistry Symposium will be reduced in the format and shifted to a virtual classroom. The health and safety of our community members are our first concern and therefore we hope that you support our approach. We strongly encourage you to register and submit your abstracts to apply for a short talk (15min) or an elevator speech (3min).

Program Highlights

- 3 invited speakers:
Prof. Peter Vöhringer, University of Bonn
Prof. Kristopher McNeill, ETH Zurich
Prof. Luisa De Cola, Université de Strasbourg
- 4 Contributed Talks (15min)*
- 10 Elevator Speeches (3min)*
- Best Presentation Awards, sponsored by Helvetica
- Updates from PCS, EPA and Quantum Design

Short Talks and Elevator Speeches

*To apply for a short talk or an elevator talk please submit your abstract during the registration process.

Registration

Participation is free of charge. However, registration is mandatory.

Deadlines

- Abstract submission deadline: May 24th, 2020
- Registration deadline: June 1st, 2020
